

FRIENDS OF TREES

APPLICATION for
Trees for Chatham Program
Applications must be postmarked by APRIL 30, 2020

Program description:

Friends of Trees will gift a limited number of trees to eligible applicants for planting on their private properties, provided they meet the criteria that the tree will contribute to the public benefit. The applicant must own the property, agree to tree maintenance, and assume all responsibility/liability for the tree once planted. Friends of Trees reserves the right to make the final decision.

Eligibility criteria:

- Abutter to and/or in view of public property. Preferably provides shade to public access ways, but at a minimum improves the view and increases habitat.
- Preferably the location is frequented by pedestrian and/or passenger activity, eg. busy car/pedestrian travel route; OR
- In a location that improves storm water management by reducing runoff onto public property.
- Applicant enters into FOT Agreement by which they assume ownership, responsibility and liability for the tree.
- The Applicant agrees to water and care for the tree with a focus on the first 3 years until it is established.
- Applicant agrees to the native tree recommended by FOT and that planting will take place in the late spring.
