

2020-2021 EDUCATIONAL GRANT

Application Guidelines

Mission / Purpose. Friends of Trees, Inc. is a non-profit 501(c)(3) organization based in Chatham, MA, that is committed to planting, protecting and nurturing trees in the Town of Chatham. Through an educational grant program, Friends of Trees (FOT) is working to develop an awareness of the environmental, economic and aesthetic benefits that trees provide our community.

Funding Priorities. Friends of Trees grant funds are available to teachers and to other non-profit organizations with a project or program that meets the criteria. Funds may be used for teacher training and student education; transportation in the case of field trips; speaker honorarium; and materials related to the educational purpose of the grant program. Priority will be given to programs benefiting students of the Monomoy elementary and middle schools including the Lighthouse Charter School.

FOT will consider applications for programs or projects that:

- Promote education, research and public awareness of the value of trees
- Promote sound ecological horticultural practices
- Other projects consistent with FOT's mission
- Projects that directly benefit the Town of Chatham community will receive preference.

Grant Amounts. Funds available for FY21 total \$3,000. Grant requests may be up to \$1,500.

Open Application Period. Friends of Trees will accept grant applications throughout the year, and each grant request will be considered on its merit. Grant acceptance and awards will likewise be distributed throughout the year. However, the Friends of Trees budget cycle begins July 1 and awards during the fiscal year will be limited to the funds available during that fiscal year.

Filing an Application. Letters of Interest are encouraged to be submitted prior to filing an application, but are not necessary. Applications for grants shall include a letter of support from the authoritative body. For school venues, applicants must contact the principal or teacher(s), and provide a contact name and letter of support for the project from the school. Applications benefiting Chatham organizations must include a specific date and venue, with a letter of support by the organization. Whenever possible, activities funded by this grant should be available to the general public, primarily in Chatham, by exhibit, performance, demonstration, reading, or other means.

Requirements of Grant Recipients. Any and all publications, signs, or other media associated with the project and its deliverables shall indicate that the project was sponsored by a grant from the Friends of Trees, Inc. Chatham (wording will be provided to the recipient in the grant agreement).

FOT may wish to interview the grant applicant. FOT reserves the right to publicize awarded projects; it is applicant's responsibility to obtain all necessary permissions for such publicity.

A final report of how funds were expensed will be expected upon completion of the project.

Applications for the Friends of Trees, Inc. grant and grant information are available online at www.friendsoftreeschatham.org
